Profile

🔧 **Content & Tech Communication Specialist** with a unique blend of clarity, creativity, and AI collaboration.
I bridge the gap between complex technology and human understanding — simplifying systems, humanizing AI, and designing content that informs, inspires, and empowers.

👉 My GitHub repositories are my proof: living portfolios of labs, guides, and story-based learning designs that turn documentation into confidence.

📌 *Note: As of 21 August 2025, I have relocated from Barcelona to Copenhagen, inspired by the flourishing opportunities in digital content creation, AI collaboration, and storytelling within Denmark's creative and tech ecosystem.*

Core Skills

- 🔧 Content Writing & Storytelling (blogs, guides, labs)
 - 📄 Technical Documentation (GitHub, Markdown, workflows)
 - 🤖 AI Collaboration & Prompt Engineering
 - 📚 Curriculum & E-learning Design (STEM, security, language)
 - 🌐 Multilingual: EN, ES, UR, HI, DA (beginner)
-

Roles of Interest

- 📄 Technical Writer / Documentation Specialist
 - 🔧 Content & Communication Designer (Tech + Creative)
 - 🎨 Learning Experience Designer / Curriculum Developer
 - 🤖 AI Content Evaluator / Prompt Engineer
 - 🌐 Knowledge Translator (bridging tech teams and non-technical audiences)
-

Experience Highlights

AL-Noor Academy, Spain (2010–Now)

- Built **Moodle-based e-learning platforms** for expatriate learners.
- Simplified **driving theory & language exams** into accessible content.

Finttel Telecom, Spain (2007–2010)

- Data management, reporting, and customer support.

📌 *My strongest contributions live in my GitHub portfolio — where each repo is a story, lab, or learning design.*

📁 Portfolio Highlights

- 🗝️ **IronWall AZ-500 Labs** – 21+ Azure & Security labs, explained in storytelling.
- 📁 **Freelance Writing Suite** – 60+ content samples (blogs, brand voice, strategy).
- 🧠 **AWS/DevOps Labs** – explained as healing stories.
- 📖 **DK Learn Danish with Eks2** – beginner roadmap in storytelling style.
